

# NH FBLA State Briefing

Our 52nd Year!

September 8, 2023

**"Together We Achieve"**

Welcome to a new year!

We are off to another year of NH FBLA and are working hard to make it an extraordinary one! Attached to this email is the Important Dates sheet which is also available on the website to help you plan your year.

**FLW:** Debbie Stratton has sent out the information for our FLW at Camp Carpenter on October 19. Please see her letter for deadlines, costs, etc. We will be working again with the Browne Center from UNH on adventure activities so students should plan on being outside for at least part of the morning. We are also pleased to have Lorraine Connell of Peers Not Fears joining us for a workshop with students, and if weather permits, a short meeting with advisers. We are asking everyone to bring a nonperishable food item with them to the FLW to support the NH Food Bank.

One of the **National Fall Leadership Conferences** this year will be held in our backyard: Providence, RI! We are encouraging chapters to plan now for a two day event featuring workshops, leadership training, networking and motivational speakers. NH FBLA will be chartering a bus to and from the conference. For details and cost, please see the attached info sheet. If you are thinking about taking members of your chapter, please let M. Ayers know so we can have a rough idea of numbers attending. Questions? Go to this link: <https://www.fbla.org/2023-nflc-providence/> We hope you can join us!

Here's hoping everyone has a successful school year and a great NH FBLA experience!
